Lulu.com, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.For the last twenty years of his career, Guy S. Grant worked in the specialized field of Instrumentation and Controls Engineering. Those are the people that program the control room equipment to allow operators to control oil, gas, chemical, and manufacturing plants. He became intimately familiar with many functions and concepts that were obviously copied from our minds. This book teaches you about those ideas and connects them together in a comprehensive manner that will surprise you. It is a conceptual design for an artificial intelligence machine, and a mirror to allow you to see the inner workings of your own mind.
