# FIRESETTING AND MENTAL HEALTH: THEORY, RESEARCH AND PRACTICE

RCPsych Publications. Paperback. Condition: New. 288 pages. People with mental disorder are often involved in deliberate firesetting and mental health practitioners are frequently required to assess, treat and manage this troubling group. Half of all deliberate fire-related damage is caused by adults, yet this is the first book to focus on firesetting behaviour in adults. Presents current evidence on frequency and the biological and psychological causes of deliberate firesetting. Covers assessment, treatment and intervention. Brings research evidence, theory and practitioner...

## Reviews

---

*This is the best book i have read until now. It can be filled with knowledge and wisdom Once you begin to read the book, it is extremely difficult to leave it before concluding.*

-- **Nadia Konopelski**

*A must buy book if you need to adding benefit. It is really simplified but shocks in the 50 percent of the pdf. I found out this pdf from my i and dad recommended this publication to learn.*

-- **Zetta Armstrong III**

*It in one of the most popular book. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*
