Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.100 Time Hacks for the Insanely Busy Woman is a gift to the modern woman. If you, like so many others, wear three hats at once and you know the value of recapturing a few minutes here and there, then this book is for you. I, like so many members of Generation-X, have been there and back, juggling career, family, and creative work along the way. The purpose of this book is to share ideas about squeezing more life into our days without driving ourselves and everyone else crazy in the process. In full disclosure, I must admit that I haven't always been very successful with the second half of that last suggestion, but I am constantly improving and hope that reading this little book will help you in that regard. In this book you will learn how to: -Squeeze more life...
