Harlequin Blaze, 2016. Paperback. Condition: New. Language: English . Brand New Book. Houston, we have a hot-astronaut problem. Survival expert and control freak Jessie Odell has faced the most hazardous environments on earth. Training astronauts should be a cakewalk. Nope. Enter candidate Hemi Thor Barrett and his hot, ripped bod, and suddenly Jessie is breathless with raw excitement--something she hasn't felt for a long, long time--and it scares her to death. Hemi isn't just some sexy distraction. Jessie actually likes the guy--and that makes him more treacherous than an Everest ascent. It also means Hemi's that much harder to resist. With every hungry, heat-fueled encounter, Jessie skirts closer to that dangerous edge. Falling for this space cowboy is definitely high stakes. but could the payoff be worth the risk?.
