Beginning Joomla!

By Dan Rahmel

Paperback. Book Condition: New. Not Signed; Joomla!, exclamation point and all, is one of the most searched--for and hired--for open source content management systems in the world. Since 2007, the combination of Joomla! and Dan Rahmel's bestselling Beginning Joomla!, From Novice to Professional have made it so that all you have to do is read a single book to learn how to build sites that take community--authored content and turn it instantly into published web pages with all the latest features like rich templating, community member profile management, forums, photo management, and article commenting. Now revised and updated for Joomla! 1.6, this second edition job--in--a--book provides the solid core of know--how that you'll need to get the most out of your Joomla! deployment, written to fully exploit the features of latest version of Joomla! More than just a simple build a toy web site guide, Beginning Joomla!, Second Edition will give you a wealth of life--saving tips, tricks, tools, and fixes that experienced Joomla! developers use to build powerful, popular web sites while avoiding major headaches. This book covers * How to use content versioning and multi--blogger support * Access management and how documents, photos, and other content are managed...
