This is a global problem, especially where fires are allowed to reign supreme, because people do not know how to control them or even how to prevent them. Kitchen accidents are not restricted to the kitchen alone. They can occur when you are cooking outdoors, especially during barbecues. A little bit of care taken while barbecuing could have prevented possibly serious burns. Remember that your kitchen is an accident zone, like the rest of your house. So a little bit of common sense used right now is going to prevent accidents from happening.
