

Inventing the Television (Hardback)

By Joanne Richter

Crabtree Publishing Co, Canada, Canada, 2006. Hardback. Condition: New. Language: English . Brand New Book. This inspiring new series explores revolutionary inventions and their inventors. Breakthrough Inventions features inventors biographies, interesting facts, and historical photographs. Learn about the invention of items that have had enormous impact on our everyday lives. Children will also be fascinated to read about the contributors who helped create these technologies and how their discoveries have evolved over time. Inventors are developing tooth implants that pick up vibrations from cell phone calls and transfer them to the inner ear. The tooth implant would allow a person to receive a call discreetly, or without others knowing.
