

ICD-10-CM Documentation 2018: Essential Charting Guidance to Support Medical Necessity (Paperback)

By American Medical Association

American Medical Association, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. ICD-10-CM requires very specific documentation to correctly choose diagnostic codes, a skill that both coders and physicians must master to code successfully. Moving beyond the transition to ICD-10, the new edition focuses on the key role proper documentation plays in supporting medical necessity. ICD-10-CM Documentation 2018 brings coders and physicians together to ensure documentation success, identifying all ICD-10-CM documentation requirements using detailed checklists. Designed for use alongside an ICD-10-CM codebook, this comprehensive training guide provides all the tools necessary to conduct an effective documentation analysis and to create a corrective action plan, making it ideal for both non-facility and facility coders. The chapter organization mirrors the structure of codebooks and all guidance is geared toward the process of code decision-making. In addition, exercises and quizzes test knowledge and understanding of key points throughout the book. Accurate coding requires access to the up-to-date ICD-10-CM code set found in this resource. Don't rely on outdated information! Features and Benefits New codes, revisions and deletions, plus guideline updates for 2018 - final 2018 changes will be integrated into every pertinent chapter, checklist, scenario and quiz Detailed, full-page anatomy illustrations - for better interpretation...
