By Paul M Healy

Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Impact of Bonus Schemes on Accounting Choices I am especially indebted to Ross Watts for many useful discussions and for his insightful remarks on this paper. I also wish to thank the remaining members of my committee, Andrew Christie, Cliff Smith and Jerry Zimmerman, for their valuable comments. Additional helpful comments were also received from Rick Antle, George Benston, Linda and Harry DeAngelo, Bob Holthausen, Rick Lambert, David Larcker, Richard Leftwich, Tom Lys, Terry Marsh, Ram Ramakrishnan, Rene Stulz and Bill Schwert. I am grateful to George Goddu and Peat, Marwick, Mitchell and Company for kindly allowing me to use their library and financing my preliminary data collection, and to, Bob Holthausen and Richard Rikert for letting me use their data bases of changes in accounting procedure. Financial support for this dissertations was provided by the Ernst and Whinney Foundation and the American Accounting Association.
