Forgotten Books. Paperback. Condition: New. This item is printed on demand. 712 pages. Dimensions: 9.0in. x 6.0in. x 1.4in. Excerpt from Handbook of Construction Plant: Its Cost and Efficiency It has been a considerable time since my office commenced to gather the data that have been collated for this book, and during all of that period the manuscript sheets, and later the page proofs bound up for convenient handling, have been in almost daily use. Consequently many of the items have been used and verified; so that I have rather more confidence in the usefulness as well as the general accuracy of the material than if it had not passed through a fairly thorough period of seasoning. This time of seasoning has its disadvantages, however, as well as its benefits. Changing conditions in certain industries have affected prices, and a number of items have been radically revised in the making. It is to be expected, moreover, that the same thing will continue; and as I have said in the introduction, page 3, these figures should be checked by actual bids where a plant is to be appraised, etc. In order to facilitate this, lists of the principal manufacturers of the plant described are given. My principal reason for thinking that these notes would be useful to others is that I found them all but indispensable in my own practice, and not available in other form. My justification for the alphabetical method of classification is that this scheme admits of more rapid service on my desk than any other and I have attempted to supplement this arrangement by a very full index. For encouragement in this plan of procedure I am indebted to many of my engineering friends, who have aided by suggestions and useful criticisms. Finally, the keynote of the book has...
