Description and review Carol Desilet from Banyon Publishing: A Christian Professor in the Secular University: Singing and Soaring on Paths of Joy Rating: - Entertaining, Inspiring, insightful reading. The book is extremely entertaining but even more than that I found it thought provoking. It simply made me think about how everyday happenings and life in general are to be treasured. I also feel that it reminds one that having a youthful curiosity, sense of humor and being young at heart can get one through just about anything. Perhaps the fact that I'm a Christian and belief and faith may come a bit easier for me than someone who does not share that same relationship with the Lord, makes this book an easy read for me. Though I think not. I believe the book will be inspirational to anyone, due to the author's enthusiasm that there is always hope in each new day. Honestly, this is a feel good book, and it is certainly an enjoyable read and makes one feel happy to be alive and to remain optimistic in the darkest and brightest of days. Comments from other...
