CONDOMS OF DOOM DESCRIPTION: When dysfunctional Private Detective Eleanor Oogley B Stard is hired to find the whereabouts of Lord Henry Worth little does she know that she is entering the world of crazed toxicologist Professor Angus Klondike Hague, a homophobe who has developed condoms infused with a deadly venom causing agonising death within minutes. His object is to decimate the world s gay population leaving gay men the world over in a state of fear and shock. Set in the mid-eighties when the AIDS virus is just starting to spiral out of control, this black comedy makes a nonsense of the idea of safe-sex, as the use of a condom could well be the most dangerous choice one could make. As Lord Henry Worth is the first to fall victim to Hague, Oogley B Stard is urged to continue her investigation so that the villain is brought to justice. This sets in motion a chase that moves frantically from Manchester to New York, San Francisco to London until the killer is finally confronted in Leeds in the north...
