RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 82 pages. OCLC Number: (OCoLC)47833382 Subject: Rural development -- United States -- Appropriations and expenditures. Excerpt: . . . g levels are included in the report. All discretionary appropriations for fiscal year 2001 shown in this report reflect the 0.22 percent rescission pursuant to Public Law 106-554 and have been rounded to the nearest thousands of dollars. The Committee has encouraged the consideration of grant and loan applications from various entities. The Committee expects the Department only to approve those applications judged meritorious when subjected to the established review process. Government Performance and Results Act Public Law 103-62, the Government Performance and Results Act GPRA of 1993, requires Federal agencies to develop succinct and precise strategic plans and annual performance plans that focus on results of funding decisions made by the Congress. Rather than simply providing details of activity levels, agencies will set outcome goals based on program activities and establish performance measures for use in management and budgeting. In an era of restricted and declining resources, it is paramount that agencies focus on the difference they make in citizens lives. The Committee supports the concepts of this law and intends to use the agencies plans for funding purposes. The Committee considers GPRA to be a viable way to reduce Federal spending while achieving a more efficient and effective Government and will closely monitor compliance with this law. The Committee is fully committed to the success and outcome of GPRA requirements as envisioned by the Congress, the administration, and this Committee. TITLE I--AGRICULTURAL PROGRAMS Production, Processing, and Marketing Office of the Secretary Appropriations, 2001.
