Mill City Press, Inc., 2008. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. In *Unity of the Heart* Peter Borys, Jr. presents a multidimensional mystical anthropology and transformation that forms a spirituality of the heart. A heart-centered consciousness opens the way to living a new vision of mystical transformation and spiritual creativity. Borys develops this new vision where we live from a transcendent consciousness in our everyday life of relationships, intention, creativity, and work in the world. The book supports our pathway to experience the meditative awareness, relational self-giving, and intention of the heart-based consciousness. Within the heart, we can seamlessly express our nonlocal and nondual mystic self as a community of being within the universe. The awakening of a consciousness of the heart unites the sciences and the mystic way to form a spiritual-scientific view of our multidimensional humanity and spiritual cosmology. Within the new vision, personal transformation to the true self in Divine unity becomes part of the evolution to an enlightened humanity.
