Atlas of Acupuncture

By Wolfram Stor

Ullmann Publishing. Paperback. Condition: new. BRAND NEW, Atlas of Acupuncture, Wolfram Stor, Acupuncture in Latin means "sticking with the needle". Each of the 409 important acupuncture points is presented with an anatomical graphic, an overview of the meridian, and a photo showing the needle placement. The combination of Chinese sources and the author's therapeutic experiences provides a sensible balance between the most important indications and practical needs. The names, properties, and applications of the individual acupuncture points have been revised on this basis. Far-Eastern healing methods and Western observation techniques create a bridge between Asian and Western views of acupuncture. The Pictorial Atlas of Acupuncture not only provides beginners with an overview of the most important acupuncture points, but experienced practitioners can also learn about seldom-used acupuncture points and thus extend their knowledge.

Reviews

This written ebook is excellent. It is amongst the most awesome ebook i have study. You will not truly feel monotony at whenever you want of the time (that's what catalogs are for regarding if you ask me).

-- **Devante Langworth IV**

Simply no terms to explain. I am quite late in start reading this one, but better then never. Its been written in an remarkably easy way and is particularly merely soon after i finished reading this book where basically changed me, affect the way i really believe.

-- **Prof. Jedediah Kuhic DVM**
