He must hide his true identity from the indigenous life around him. Humans they are called - fragile yet violent creatures. If they knew what manner of technology went into to Attis creation, or what he was capable of, they would have him studied, locked away. No time to worry about that now. Attis must find his purpose; in order to do that, he must first find his creator - Jephetto. This master engineer holds the secret to Attis amazing power. He alone knows what magick lies within the emerald at the back of Attis neck. It s been seven years since Jephetto gave life to his most wonderful creation. He was the first thing that Attis laid eyes on - the middle aged man, badly wounded and bleeding. What became of him? Does Jephetto still live? To make things even stranger, there is another, a stone similar to the green power source in Attis possession. Charette Duval, a college student and aspiring alchemist with a mysterious past, holds the crimson stone known as The Ladybug.
