Reviews

Very good e-book and valuable one. It really is packed with knowledge and wisdom I am just very easily could possibly get a satisfaction of reading a created pdf.

(Walton Haag)

PRIVILEGED CORRUPTION

Ursula Ringham. Paperback. Book Condition: New. Paperback. 348 pages. Dimensions: 8.0in. x 5.0in. x 0.9in. In Silicon Valley, product ideas are stolen every day. Hundreds of millions of dollars of intellectual property and countless hours of R and D lost in a millisecond. A high risk, high reward business, but is it worth risking your life? Young, ambitious Kate Crawford is about to make it as one of Silicon Valley's overnight millionaires. She has her hands in a secret product that will catapult software company Obsidian to rock star status on the eve of its IPO. A week before the public offering, CEO Sander Walker assigns Kate an account with a new product. Kate's future seems set until she realizes this new account, Fortunato, has a product nearly identical to the one she is about to launch. She panics. Why didn't Sander notice? As Kate imagines her promising career and lucrative stock options vaporized, she glances at the Fortunato prospectus and sees the one name more horrifying than lost millions: Logan Sinclair. Logan Sinclair, the prodigal son of one of the wealthiest families in Silicon Valley, has returned. The man suspected of playing a role in the death of Kate's older sister, Jenny, twenty years earlier in a bizarre, teen love-triangle gone bad. Could the appearance of Logan's name on Kate's desk possibly be a coincidence or has he returned with an ulterior motive? Kate teams up with her older brother Eric, a reformed drug addict and Jenny's twin, and friend Jessica, a reporter for Seattle Times to investigate the turn of events. As Kate schemes to gain Logan's confidence, they dig into his family's investments to find a connection to Jenny's death and provide the leverage they need to save Kate's career. But inquiring about a Sinclair only complicates matters...
