

Cryptozoology: The History of Attempts to Discover and Study Legendary and Mythological Creatures

By Charles River Editors

Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.*Includes pictures
 *Profiles some of the most sought after legendary creatures like the Loch Ness Monster and Bigfoot
 *Includes online resources and a bibliography for further reading *Includes a table of contents "The Loch Ness Monster is the world-famous creature said to inhabit Loch Ness in northern Scotland. The search for the monster has probably consumed more money, time, and newspaper space than attempts to prove the existence or otherwise of UFOs." Peter D. Jeans, Seafaring Lore and Legend
 Mankind has always been fascinated with the hidden, the mysterious, and the unexplained. Every society has its tall tales and ghost stories, its odd legends and heroes. Also, every society has its stories of strange beasts, dangerous or benign, that live in the twilight world between the everyday and the legendary. Through most of our history we have been closely tied to nature, hunting in forests and having an intimate knowledge of the animals in our region. So-called "primitive" peoples were walking encyclopedias of the natural world, and yet most believed there were more creatures lurking...

Reviews

These types of book is the perfect pdf available. I actually have study and that i am sure that i will planning to read through again again in the foreseeable future. Its been designed in an exceedingly basic way which is simply soon after i finished reading through this publication in which basically changed me, modify the way i believe.
