Quiet: The Power of Introverts in a World That Can t Stop Talking by Susan Cain Book Summary Readtrepreneur (Disclaimer: This is NOT the original book. If you re looking for the original book, search this link //amzn.to/2rvlVot) We are living in a world that worships extroversion, and believe that extroverted people are the capable leaders of today. However, is that always the case? We undervalue the introverts in our society and fail to see their brilliant contributions even though many successful people are introverts. In this book, Quiet deepens our understanding of quiet people and we will learn that introverts shine as brightly as extroverts in their own way, or maybe even more. (Note: This summary is wholly written and published by It is not affiliated with the original author in any way) Solitude matters, and for some people, it s the air they breathe. - Susan Cain

With scientific research and various interviews with real introverts, author Susan Cain gives us deep insights into how introverts think. It changes the way we view introverts and allows us to better appreciate them, or ourselves if we are an introvert. P.S. Quiet is not just about introversion in adulthood. It explores introversion at stages of life, starting from infancy and that s the reason why this book is so powerful. It changes your perception of your introverted child and allows you to see from a much clearer point of view. The Time for Thinking is Over! Time for Action!
