Inside The Secret Organization: The Rules, Regulations The Bizarre Conspiracy Theories. Claim Your FREE Bonuses After the Conclusion! Conspiracy theories are a fascinating study of imagination meshed with facts to create a reality where even the moon landing could be faked. Many discredit conspiracy theories as baseless and attention seeking, but it would do us well to remember that many of these conspiracy theories have been proven to have been true after all. Almost without a doubt, the Illuminati are the Holy Grail of conspiracy theories (pun unintended). Due to a number of reasons that will be outlined in this book, the Illuminati have become a household name that pervades popular culture to a very high degree. The Illuminati have featured in bestselling books and blockbuster movies, in a variety of forms. Allegations of secret rituals (always described as profane from a fundamentally Christian perspective) and sexual practices as well as links with powerful personalities in history have abounded. The sheer amount of information available about the Illuminati is mind-boggling. The purpose of this book is functionally from the standpoint of...
