By J. K. Goodwin

CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 112 pages. Dimensions: 8.0in. x 5.2in. x 0.3in. Nostradamus has given us advanced warning of a major cataclysm fatefully scheduled for the Earth. Many have interpreted his quatrains to indicate imminent nuclear conflagration; that appears very possible in the distant future, but it is not what we are immediately facing. This book makes its presentation in a very logical manner. If you are able to follow the step-by-step, calibrated timeline presented in it, then you should come to the same conclusion that it reveals. You will discover, especially in the final chapters, causes, effects, and action, based upon the vision. The final chapter returns to Nostradamus as per his immediate and intermediate predictions for the current time. Consider the hypotheses of this book to at least be theoretically true. If you can then get the drift where theoretical knowledge turns into wisdom, if you can understand what is being communicated, then you can thank the seer from long ago for having helped us in such an amazing way. This item ships from La Vergne, TN. Paperback.
