

The Coal Trade. A compendium of valuable information relative to coal production, prices . Corrected to the latest dates.

By Frederick E. Saward

British Library, Historical Print Editions. Paperback. Condition: New. This item is printed on demand. 106 pages. Dimensions: 9.7in. x 7.4in. x 0.2in. Title: The Coal Trade. A compendium of valuable information relative to coal production, prices . . . Corrected to the latest dates. Publisher: British Library, Historical Print Editions. The British Library is the national library of the United Kingdom. It is one of the worlds largest research libraries holding over 150 million items in all known languages and formats: books, journals, newspapers, sound recordings, patents, maps, stamps, prints and much more. Its collections include around 14 million books, along with substantial additional collections of manuscripts and historical items dating back as far as 300 BC. The GEOLOGY collection includes books from the British Library digitised by Microsoft. The works in this collection contain a number of maps, charts, and tables from the 16th to the 19th centuries documenting geological features of the natural world. Also contained are textbooks and early scientific studies that catalogue and chronicle the human stance toward water and land use. Readers will further enjoy early historical maps of rivers and shorelines demonstrating the artistry of journeymen, cartographers, and illustrators. The below data was compiled from various...
