Brand New Book ***** Print on Demand *****.Excerpt from The Heusken Memorial, an Old Story Retold, Vol. 1 The release of Japan from its medieval thralldom, and the restoration of its Emperor to actual and visible sovereignty, under a large measure of the influences that are directing the progressive civilization of the world, is one of the most interesting, and also, lamentably, one of the most tragic episodes marked in human history. The coming of the American Perry Expedition in the early Fifties was not much more than a decisive initial incident in the process; but it happened to be used as the occasion for the especially disastrous decade that lay between the gaining of the Harris Treaty and the achievement of the Imperial Restoration (1858-1868); a period in which many hapless benefactors of this Empire, both Japanese and Foreign, were compelled to give their lives in sacrifice, because of the day which was about to dawn.
