

Aspergers and the Infant Child: How to Recognise the Signs; Starting School and Problems Encountered; Practical Advice for Parents/teachers (Paperback)

Filesize: 3.87 MB

Reviews

This book might be worthy of a go through, and a lot better than other. it had been writtern really properly and helpful. You may like just how the author write this publication.

(Prof. Mattie Beatty)

AUTHORHOUSE, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. I did not want to see problems where there weren't any, because I was more aware of aspergers than the average parent. Also, teaching children with special needs is quite different than accepting that your beautiful daughter has such needs- a label just makes it all sound so final. Aspergers is a hidden disability; as it is not a physical disability it does not register automatic understanding. It is a series of developmental disorders known as The Triad of Impairment, including: communication, social interaction and inflexible thought/imagination. My child is aspergers, she does not have aspergers- it is not an infectious disease; there is nothing wrong with her- she merely has different needs. A label has a tendency to emphasize the negative, not the positive and the person. This book details Elizabeth's journey (and that of many families) but also provides valuable information for all families of children touched by aspergers. I have found many aspergers books to be of a clinical nature and not accessible to parents who have just been given a diagnosis; often without subsequent advice and support. In my experience, a diagnosis can be like someone has thrown a grenade at you and is then running away- you are left to deal with the fall-out! Hopefully, this book is accessible to all and will help people- it has certainly helped me and when Elizabeth is older, I hope it will explain a few things to her. I also hope that it will enlighten professionals who work with her (and others like her.) My point is that I am the closest person to my daughter and I don't fully know or understand her. How can they?...
