SALIVARY PROTEINS ON TITANIUM ABUTMENTS

LAP Lambert Academic Publishing Jul 2012, 2012. Taschenbuch. Condition: Neu. Neuware - The evolution of implant dentistry has altered the practice of dentistry in general and replacement of missing teeth in particular. Despite their high rate of success, implants are not without problems. The initial event in the pathogenesis of most bacterial disease is by the adsorption of salivary components to the surface of the transgingival abutment or healing implant components. Oral bacteria interacts with these salivary components to adhere...

Reviews

The book is fantastic and great. It is filled with wisdom and knowledge I am just easily will get a enjoyment of looking at a composed publication.

-- **Bradley Hahn**

Completely essential read publication. I am quite late in start reading this one, but better then never. You wont truly feel monotony at at any moment of your time (that's what catalogs are for regarding should you question me).
