I chose this topic primarily aimed at: (1) clarify the law of Rome's socio-economic development. an accurate understanding of the the ancient Rome ownership and slave ownership society. a proper understanding of the classic doctrine of Marxism. to further correct ruling domestic and foreign historians over one accounting history of the modern tendencies of the century. to correct a mistaken view of the Western classical civilization deemed commercial and industrial civilization. (2) carefully examine the change of land ownership situation in Rome. which reveals Rome on ownership within the laws governing the operation. Engels said: all civilized nations. beginning from public ownership of land has experienced some of the original stage national. the shackles of public ownership in the agricultural development process into production it was abolished. had been rejected. After...
