Healing Time Books. Paperback. Condition: New. 112 pages. Dimensions: 8.5in. x 5.5in. x 0.3in. In *Healing with Color - Experience the Essence of Twenty-One Taras*, channeled by Tara Channel Katharina Notarianni, Tara brings you a collection of meditative journeys that focus on healing with color. Initially it is recommended to treat this as a 21-day process, whereby you experience one specific color each day following the guidance that is given. After the process has been completed, you can return to a specific color as you are called to do so depending on what you are experiencing in your life, letting the key words and affirmations guide you when you wish to focus upon a particular energy, a particular resonance, for the purpose of activating something specific within yourself. The intention is to have access to the full spectrum of color, to be balanced, to be healed completely so, on all levels of your being, so you can experience more and more of who you truly are.
