Balboa Press, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This is the true story of when a sudden moment of impact took my life away. Though I am not born again in a religious sense, I have been given a second chance at this game called life. This is my story of hope, recovery, and rebirth. On a brisk September afternoon, I was involved in a severe automobile accident when the motorcycle I was driving was struck by a car. Among my numerous physical injuries were seven broken ribs, a ruptured spleen, a bruised liver, a torn bowel, and a bilateral pneumothorax (two punctured lungs). The one that altered the course of my life forever though was the closed-head traumatic brain injury I received. Gratefully, I not only survived this intense injury but have recovered remarkably well. Having to learn how to sit up in bed, to be assisted in moving to a wheelchair, to stand on my own and eventually walk again, makes my perspective unique as well! Gratefully I am now thriving against all odds and it has become my goal to share this story of recovery with others and pass on my Moving Forward energy! Doing this, proactively keeps the one thing that changed my life forever, the choice of always moving forward! Choosing to adapt to the change instead of simply reacting is a very powerful tool.
