

The Great Hawk (Paperback)

By Karl F Hollenbach

Createspace Independent Publishing Platform, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Taking place between the early 1930 s to mid 1940 s, The Great Hawk is the compelling story of Jimmy; a young boy who dreams of training a baby hawk for falconry. Speaking directly to young adults through both Jimmy s age along with the naive earnestness with which he approaches the task of training a baby hawk. A rural setting during the Great Depression is ideal for this literal tale. Starting with a picturesque description of the trip to Jimmy s grandparent s farm the story entices the reader to continue further to discover Jimmy s next stop in his journey. From the building of his falconry perch all the way to the ominous consequences of agreements, Jimmy s journey culminates with an ending that is both haunting, and flavored with a hard-learned lesson. Vivid imagery, and at times rather dark descriptions of Jimmy s experience is that of the innocent exuberance of youth and the near tragic awakening to consequences.
