An inspiring collection of heart warning stories about life lessons learned while flying a hot air balloon though out North America. Adventures that touch the hearts of passengers, crew and people we drop in on unexpectedly. Flying a hot air balloon is like a three act play. The opening (launch) the body (flight) and the ending (landing). Each play (flight) can be an experience. The challenge is not knowing if the flight will be humorous, adventurous, scary or a life changer. Imagine the skill and challenge of flight in a ten story building and navigating without a steering wheel. Lifting off without knowing where and when you will land. And yet aeronauts (balloon pilots) have done it for over 2 centuries. God Controls the Wind, I control the burner is the first book by Kevin Cloney. Forthcoming books are Its more than Hot Air, and the childrens book Whats that Noise. This item ships from La Vergne, TN. Paperback.
