Amazon Publishing, United States, 2018. Paperback. Condition: New. Reprint. Language: English . Brand New Book. A provocative and intimate exploration of modern parenthood by a gutsy young third wave feminist - The New York Times If parenting is making Americans unhappy, if it s impossible to have it all, if people don t have the economic, social, or political structures needed to support parenting, then why do it? And why are anxious new parents flocking to every Tiger Mother and B b -raiser for advice on how to raise kids? In Why Have Kids?, Valenti explores these controversial questions through on-the-ground reporting, startling new research, and her own unique experiences as a mom. She moves beyond the black and white mommy wars over natural parenting, discipline, and work-life balance to explore a more nuanced reality: one filled with ambivalence, joy, guilt, and exhaustion. A must read for parents as well as those considering starting a family, In Why Have Kids? is an explosive addition to the conversation about modern parenthood.
