

World Leadership: How Societies Become Leaders and What Future Leading Societies Will Look Like (Hardback)

By Neil V Hamblin

Living Tree Publishing, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The United States is the dominant world power today, but that has not always been the case, and may not always be the case. Great Britain, Rome, and ancient Sumer were once leaders in their own time, but their empires dissolved into history. Understanding how a leader emerges is critical to understanding how our world works because it turns out that the competition to be the leader has been the primary driver of human social progress. World Leadership provides a framework for understanding how leadership is developed, not by an individual, but by a society. World Leadership surveys history to identify the three ways societies acquired leadership in the past--jump to a new societal level first, acquire a new dominating innovation first, or manage the four leadership power sources better than rivals. Societal levels are the stages of human civilization--bands, tribes, chiefdoms, fiefdoms, and nation-states; whichever society jumped to a higher level first became the leader. Changes in societal level, and leadership power in general, is generated by transformative innovations. Only fourteen such innovations have ever existed, and they work in different ways...
