Reviews

This book might be worth a read, and superior to other. Of course, it really is engage in, still an interesting and amazing literature. It is extremely difficult to leave it before concluding, once you begin to read the book.

Sailing near the coast of Florida, Gene discovers the body of a young man in a small boat. The man died from exposure and blood loss due to a bullet wound. Searching the man, he finds a plastic bag containing some personal items including a black and white picture of a beautiful young woman in a one-piece swimsuit. Gene plans to learn more about the young woman if the opportunity arises on his planned trip to Cuba in a few weeks to complete the final phase of his last assignment. Shortly after his arrival in Cuba, he attends a gala reception for the Angola veterans where he unexpectedly finds the young woman from the photo in attendance, and discovers her name is Leila. She is in the middle of a growing storm of troubles. Gene attempts to build alliances with the most unlikely groups of people in a desperate attempt to find a way off the island for her. One of those people is Dr. Francisco Llerana who is seeking a way to leave the island and take Leila's mother to freedom. Unfortunately, his involvement complicates matters for everyone when he stumbles into the wrong side of the Chief Investigator for the Intelligence Directorate. Slightly before Gene's arrival on the island, a group of expertly trained mercenaries called The Seven Swords of Babylon joined the Brigada Internacional de Liberacion on a special training exercise in a facility located in an area known as Arcos de Canasi. Unknown to the Cuban military they also planned to carry out a second mission, which is to retrieve a stolen ancient artifact. This artifact originally belonged to the Minoan civilization that flourished in 2000...
