You will also learn about: Red Blood Cells and why it is important to keep them healthy Brain Foods that help you focus Belly Fat Fighting Tips Learning the truth about Thyroid Health Immune Boosting Foods, and why you need it Thyroid Hormone What Are The Endocrine Glands, and What Makes Them Different from Other Glands in the body Sluggish Thyroid Gland Thyroxin And the Thyroid Hormone A Life With Arthritis Carbohydrates Minerals And much more Over 400 Pages of information to help you on your journey to start Cleansing and Detoxing your Mind and Body. For those looking to improve their health and well-being, this book may very well be a life-saver. I was particularly interested in the chapters discussing sleep and nutrition. Adequate sleep is, in my opinion, an underrated component of good health. In fact, getting enough sleep may be in and of itself enough to cure many ailments. Regarding nutrition, we all know we should be eating better, and this book describes exactly what to eat to better your health. Put it all together and youre on track for improved health, with the potential to cure those nagging little ailments. For the price, this book is well worth it. - -----Richard Cutler Being healthy is so important. This book talks about a lot of the subjects modern medicine isnt worried about. True health is prevention not treatment and...
