Russ Crowley. Paperback. Condition: New. 82 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. Where learning the Thai alphabet is concerned, regardless of whether you've tried and been unsuccessful, or never even looked at it, you're in for a treat: How simple an idea in Memory Aids!! - Brock Estes, Richmond, VA, 15th September 2013 Why Let me explain. . . Think of the last birthday party or happy event you went to. What do you see Perhaps you see the pictures of the event, your friends, and your family even; and, can see the room, the people, where they are, what they were wearing, saying, etc. I'm sure you do, because that's what everyone does. Every time you try and think of, or try to recall, something from your memory, your brain tries to locate it. When it finds it, it conjures up a picture - that's how the human brain works; and, is how we designed Memory Aids to Your Great Adventure (MATYGA) - in pictures. These simple, easy to remember pictures encompass everything you need to know about the Thai alphabet. If you're trying to learn the consonants, the picture that has everything in it that you need to know: the sound (or sounds - some Thai consonants make more than one sound) and the consonant class (High, Middle, or Low Class) - that's it. If you're trying to learn the vowels it's even easier as they only make one sound and they don't have any class (they're still cool, but only consonants have classes). Well, I agree that your app and those posts are like a speed-of-light catalyst in terms of teaching one the Thai script and reading it within literally two days (in my experience) which I find extraordinary. - Emiliusz Smorzewski, Illinois, USA, 9th July 2013...
